

MARY M. BENDIG ET AL.

08/186,269

Page 2

ID NO:45 now properly indicates 129 amino acids. Support for the additional Gly at position 108 can be found in the specification, on page 52, lines 15-17 under the "human 1 column" of Table 5, where 3 Glycines in a row are shown.

Accordingly, no new matter is involved and entry of this amendment is requested.

Respectfully submitted,

*J. Liebeschuetz*

Joe Liebeschuetz
